## Structure

The Post-Graduation in Humanitarian Action, Development and Geopolitics aims to provide candidates with encompassing knowledge on the national and international practices, policies and institutions intervening in emergency situations, cooperation, and development.

There will be resources made available to foster students' understanding on relevant issues such as geopolitics and its influence in the field; cultural diversity, gender, and human rights in different contexts; international relations, migrations and relevance in research, innovation, and technology in this sector.

National and international experts in the field of humanitarian action and development, including professionals working in organizations such as UNICEF, WFP, OCHA, and the Institute of Development Studies, will participate in the modules.

**Coordination:** Pedro Matos  
Ricardo Alexandre  
Sofia de Almeida
